Women in Banking and Finance and Thatu 15th April 2005 *NEWS RELEASE*

Photographs © Margery Povall 2005

Women in Banking and Finance [WIBF] and Thatu have a long association, as 25 years ago two of the founders of Thatu, Margery Povall and Susan Law, founded [Women in Banking and Finance](#); a non-profit making, leading professional organisation committed to empowering its members in the banking and finance industry to realise their full potential.

So the choice of Thatu to be one of recipients of the results of the raffle at WIBF's prestigious Annual Awards Lunch held at The Dorchester Hotel, on 15th April cemented a long association.

The result was £1,000 to boost Thatu's target for their first food garden, and the promise of a continuing relationship.

The photos show our stand at the Dorchester Hotel, and the three Thatu Trustees who attended; Susan Law, Catherine McGarey, and Margery Povall.

Thatu is a very hands on charity - and as this photo of Catherine McGarey blowing up a balloon shows - we demand versatility from our Trustees!
